Tier III: Intense Support Provided

To: Shonda Anderson

From: Peter Griggs

Took time (over the weekend) to pull together PowerPoint slideshow for Katie Zerr for tertiary training during Salina Adult Services – Session #3 workshop – based on examples of completed Competing Behavior Diagrams and teaching matrixes provided by Peter. It is very time intensive and not-that-easy to pull together a solid sequence of slides including activities at appropriate points in workshop that can be effectively used by a trainer (like Katie Z.). It was a job very well done.
